

RECYCLING WARRANTY

DURAPLAST guarantees that our DURALEN RECY has undergone qualified processing and recycling as part of the company's own recycling program.

If recycling is not possible due to technical dependencies (e.g. inseparable connection with foreign substances, etc.), DURAPLAST guarantees professional disposal.

DURALEN RECY

- 100% original and pure from recycled DURALEN LDPE
- 1A shrink quality, biaxial is our specialty (50% lengthwise, 50% crosswise)
- High transparency and stability
- Best optical properties, hardly distinguishable from original DURALEN film
- Optimum welding properties with a strong weld seam
